

Calendar of Events

A white outline of a world map is centered on a dark blue background. The map shows the continents of North America, South America, Europe, Africa, Asia, and Australia. A red arrow points from the right side of the map towards the text.

AVIATION WEEK
NETWORK

WHY EVENTS?

Aviation Week Network's MRO focused series of conferences and exhibitions is the largest event series dedicated to the aviation maintenance industry. They are designed to complement our content, data/analytics and digital tools and provide a unique environment for delivering the most timely and accurate intelligence available combined with interactive sessions and solutions.

- The MRO Global Series is dedicated to the aviation maintenance industry that addresses key issues of business and technology strategies in the MRO aftermarket.
- ap&m brings together everyone working in the commercial aviation aftermarket facilitating business exchanges and contacts between airlines and their technical supply base.
- The Aero-Engines global series hones in on the engine from cradle to grave and includes regional conferences for the Americas and Europe and Engine, Leasing, Trading & Finance

MRO, OEM and airline executives worldwide attend these events for essential face-to-face networking, business opportunities and solutions found on the exhibition floor and at the conference.
