MRO Series

Global Connection of Conferences & Exhibitions

Aviation Week's MRO series is the largest event series dedicated to the aviation maintenance industry. The series, which began in 1995 with MRO Americas, quickly expanded to a global portfolio.

Addressing key issues of business and technological strategies in the maintenance repair and overhaul (MRO) market, the MRO series focuses on process improvements, best-practice implementation and technology. With key stakeholders from airlines and MRO service suppliers in attendance, Aviation Week's MRO events are a must-attend for anyone with a stake in this dynamic industry sector.

Aero-Engines Series

Global Connection of Conferences & Exhibitions

Aviation Week Network's Aero-Engines events are the premier gathering place for senior engine leaders from airlines, OEMs, MROs, lessors and suppliers. This unique series is the only industry forum exclusively dedicated to the trends and issues related to the aero engine community. Join to create new business and discuss the latest trends, challenges and opportunities in the industry.
